### Description:

#### **Nasty Store Cashier!**

I recently went to this store before work to get gas and a few items and the cashier, guessing he's the manager, was a complete jerk towards me. His entire demeanor while cashing out with him was rude and argumentative and he acted like I didn't even belong there. It angered me so much that at one point I felt like telling him off right as I was leaving. But, I didn't out of common decency. To which, is something I gather he's never heard of or cared about. Either way, this person acts like an absolute prick and a bottom feeder and I'm never going to this nasty gas station again!!!

#### **Unsafe Convenience Store!**

This shop's staff and owners are very rude, mean and crooked! Simply put, they have turned this once nice place into a nasty hole-in-the-earth. And honestly, these people need to be reported to the authorities for the crimes they are currently committing and getting away with. For one, they sell tobacco, alcohol and lottery tickets to underage children. Two, they have continual gas drive-offs all the time and never prosecute them. Then three, it appears they are hiring unlawful people to work at their location as well. Plus towards the evening hours (5pm+), there are more questionable customers entering their store - ie possibly of the criminal element. As such, no honest hard working person is ever safe at this place. Plus with what I've seen, I've often wondered if they are selling illegal drugs out of this place too. Its all very scary!

***WHENCE, THIS PLACE NEEDS TO BE SHUT DOWN IMMEDIATELY AND, IT'S OWNERS OUGHT TO BE INVESTIGATED AND PROSECUTED WITH THE CRIMES THEY ARE GETTING AWAY WITH!***

### *Terrible Customer Service!*

The cashier staff are not friendly at all! I went in there on one morning to buy a few goodies before work and the cashier kept rudely staring at me as if to say, “Who the h3ll are you and why are you even here!?!?” Meanwhile, she just kept silent with a nasty smug look on her face as I paid for my items and left. Definitely not a friendly or welcoming atmosphere. Seriously! This place ought to just close its friggin doors permanently and go out of business.

Kwik Trip stores are far better. For they offer more with good food and, their customer service is prompt and way nicer too.
